SUMMARY

I am comfortable adapting to new tools and open-source technologies. My experience includes working with Python, MySQL, Node.js, HTML5, CSS, Java, C++, and PHP. As a freelance programmer, I've gained two years of professional work experience, which has helped me strengthen my skills. Throughout my academic journey, I've worked on various projects to develop practical skills. I'm eager to explore emerging technologies to expand my knowledge and capabilities.

SKILLS

- Languages: Python, Java, JavaScript, C, C++, HTML/CSS, PHP
- Databases: MySQL
- Libraries: NumPy, Pandas, OpenCV, Composer, PHP Mailer
- Frameworks: Node.js, Keras, TensorFlow, Bootstrap
- Tools & Technologies: Git

WORK EXPERIENCE

FREELANCE WEB DEVELOPER

- Planned website development, converting mockups into usable web presence with HTML, JavaScript, AJAX, and JSON coding.
- Implemented Google-based SEO and ad campaigns to meet budget specifications.
- Provided security maintenance and patching on website interface to maintain viability after launch.
- Pulled from PHP, SQL, JavaScript, and other back-end library knowledge to bolster programming resources.
- Engaged with clients to plan and optimize site issues and queries.
- Oversaw back-end development using PHP to maintain website integrity.
